

Installing Intune Company Portal for Android Devices

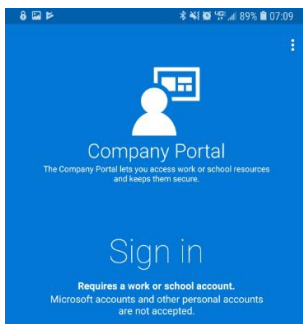

Intune Company Portal is required to access FMOLHS e-mail from a personal mobile device using Outlook or the Native E-mail client.

Here's what to do:

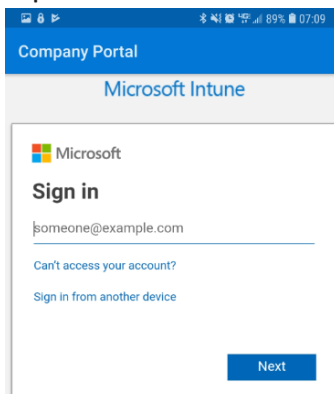

1. Install **Intune Company Portal** from the Google Play Store and open.

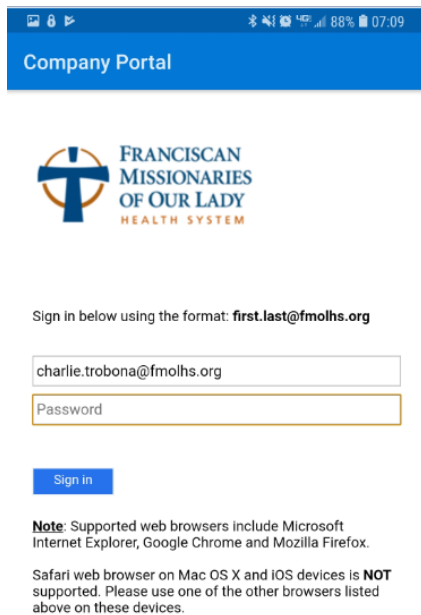

2. Click "Sign In"

3. Input FMOLHS e-mail address

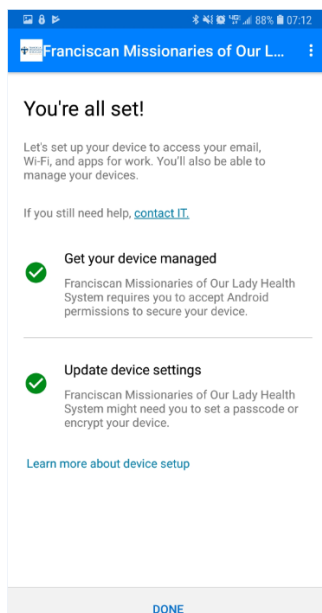

4. Input Network credential password for MFA authentication.

The screenshot shows a mobile browser interface for the 'Company Portal' of Franciscan Missionaries of Our Lady Health System. At the top, there is a blue header with the text 'Company Portal'. Below the header is the organization's logo, which consists of a stylized cross with a person's silhouette inside, followed by the text 'FRANCISCAN MISSIONARIES OF OUR LADY HEALTH SYSTEM'. The main content area contains a sign-in form with the instruction 'Sign in below using the format: first.last@fmoths.org'. The form has two input fields: the first contains the email address 'charlie.trobona@fmoths.org' and the second is labeled 'Password'. Below the form is a blue 'Sign in' button. At the bottom, there is a 'Note' section stating: 'Supported web browsers include Microsoft Internet Explorer, Google Chrome and Mozilla Firefox. Safari web browser on Mac OS X and IOS devices is NOT supported. Please use one of the other browsers listed above on these devices.'

5. Approve the MFA Authentication request.
6. Click "Continue and Next" through the next several screens which are for the setup of Encryption, Pin Lock Screen, and other security setup functions.
7. Upon completion, click "Done" to complete the enrollment process.

8. The mobile device is now configured to use either Outlook or the Native e-mail client to access FMOLHS e-mail.
 - a. If Outlook or Native e-mail clients were used previously, these accounts may need to be setup again manually. If Boxer was used for e-mail previously then an Outlook or Native e-mail account will need to be setup to access FMOLHS e-mail again.
